LUXTILE®

A new lifestyle

– The new way of living –

The warm light of LUXTILE®-Systems gives your living area a marvellous and outstanding atmosphere.

Enjoy the fantastic feeling to stand on the light, to shower and to take the colors in.

LUXTILE®-Inlays are suitable in almost every material.

You always get a ready to use LUXTILE®-System.

Once built-in the light of the LUXTILE®-Inlay in the floor or wall area never can break. That means unlimited lifetime!

The LUXTILE®-System works without electricity transfer in the base material and is absolute maintenance free!

The LUXTILE®-Inlays have an absolute plain surface to the base material.

The LUXTILE®-Cables have a diameter of only 3mm, are very flexible and easy to built-in.

This nearly world-wide patented innovation brings light into the dark world of flooring and wall covering.

LUXTILE®-Systems are applicable in nearly every floor or wall covering:

- floor or wall tiles
- marble, granite
- parquet floor, wood panels
- ceilings
- sidewalks
- facades, inside and outside (finery, brick and other systems)

HIGHLIGHTS of the LUXTILE®-Inlays:

- no electricity transfer in the base-material
- unlimited life-time and absolute maintenance-free
- changeable colors and individual design
- suitable even under water
- easy to built-in

Components of the LUXTILE®-System:

- ready to use light-source with optional coloring wheel
- optical fiber bundle (PMMA) up to 100 meter
- LUXTILE®-Inlays, up to 100 per light-source
